

YEOVIL DIVISION EQUIPMENT

ITEM	HOLDER	USE
Observation Hive Langstroth	Sharon & Malcolm Blake	Observation of bees on one frame
Observation Hive	Sharon & Malcolm Blake	Observation of bees on ??? frames
Observation Hive National	Neil Evans	Observation of bees on 3 frames
WBC Hive	Neil Evans	A traditional (empty) hive for public displays
9-frame radial honey extractor and stand	Nic Bard	A easy to use honey extractor for loan by any member of the division to extract their honey crop
Settling tank	Nic Bard	A tank to allow your honey to settle (to allow the wax and air bubbles to float to the surface) before bottling or storage
Heated Uncapping tray	Nic Bard	A heated tray to melt wax and honey for cappings and comb with set honey
Library	Jane Bard	A well stocked library of beekeeping books for free loan by any member. See your September '04 newsletter for a list of books or contact Pete.
Veils	Sharon & Malcolm Blake	We have 10 veils for use by anyone interested in beekeeping at our outdoor meetings
2 Microscopes	Paula Edwards	These allow the beekeeper to inspect his bees for signs of Nosema or Acarine. Our April meeting should make these uses clearer.
Portable overhead projector	Sharon & Malcolm Blake	For use by any member of the division for displays or talks on beekeeping subjects,
Projector Screen	Sharon & Malcolm Blake	Projector screen for use with the overhead projector
Virtual Hive	Sharon & Malcolm Blake	A national hive with photographs of bees on the frames. To be used as a teaching or demonstration aid
Course-in-a-Case	Sharon & Malcolm Blake	Beekeeping teaching aid

Jan 2012.
